RE: Recommendation for Denise Bromley of DB3 Unlimited Services, LLC

To Whom It May Concern,

It is my pleasure and honor to provide this letter of recommendation in support of Ms. Denise Bromley of DB3 Unlimited Services, LLC, and her nominations for the Brenda Vickery Johnson Award for Small Business, Hope Award, and Promise Award.

Denise has contributed to the Business Empowerment Program (BE) as participant and mentor for over 4 years. Additionally, she has instructed small business courses offered by the BE program such as Risk Management, Technical Proposal Writing, and Getting Started in Government Contracting. Denise is exceptionally effective in challenging, encouraging, and developing Small, Minority, Women, and Veteran-owned business entities (SMWBEs) in San Antonio and surrounding counties.

Denise has provided invaluable service and leadership to our small business community through one of the most challenging economic times in San Antonio's history. She has shared our commitment to providing capacity-building small business education, individualized business counseling, and successful business strategies for SMWBEs in our local community. Denise has provided countless hours and professional resources toward tailored advising on topics such as insurance, accounting, finance strategies, marketing, and software technology.

Moreover, Denise's skills and abilities reach well beyond mentorship and course instruction. As the Program Coordinator for the BE: Mentor Protégé Program, Denise has continuously energized and inspired me to identify innovative solutions for routine and advanced projects. Her exceptional abilities and passionate nature make her the perfect recipient for each award nomination. If you have questions about Ms. Bromley and what makes her uniquely eligible for these honors, please contact me at your earliest convenience.

Best Regards,

Mario Hernandez
